Re: Supply of Leopard 1 C2 Engines under Purchase Order 4500002536

Dear Sir:

We would like to take the time to thank Tecmotiv for all the efforts it has put into delivering the 10 engines on time to meet our client requirements. We understand that your employees were asked to work night shifts and weekends to make this happened.

The engines looked very nice as well and we think that our client will be very pleased.

We also appreciate that Tecmotiv was proactive in providing us with updates and making sure that all paperwork was in place to ensure unnecessary delays.

Please pass our thanks you to all of your employees.

Best Regards,

Yours truly,
