

PURCHASE ORDER TERMS AND CONDITIONS

In the following context, the term "Purchaser" and "Tecomotiv" shall mean "Tecomotiv (USA), Inc." or "Tecomotiv Corporation" – whichever entity is identified on the face of the purchase order; "Purchase Order" and "Order" shall mean "Tecomotiv Purchase Order".

Inconsistencies in contract documents will be resolved with the following descending order of precedence: (1) the face of the Purchase Order; (2) any supplemental terms and conditions incorporated by reference; (3) these Purchase Order Terms and Conditions.

1. This Purchase Order, including these Purchase Order Terms and Conditions, will be deemed accepted by, and will be a binding contract on Vendor, upon Vendor: (a) executing and delivering the acknowledgement copy of the Purchase Order to Purchaser; (b) delivering any part of the Goods to Purchaser; (c) commencing performance of any Services for Purchaser; or (d) accepting any payment made by Purchaser related to the Goods or Services; whichever occurs first.
2. Vendor is to acknowledge Order and fax or email acceptance of the Order immediately and no later than 7 calendar days after Order date.
3. In the event that Order makes reference to a US Government contract, additional Terms and Conditions as set out in the latest version of Purchaser's document "[ADDITIONAL PURCHASE ORDER REQUIREMENTS FOR US GOVERNMENT CONTRACTS](#)" apply.
4. No packing, packaging or cartage charges will be allowed by Purchaser unless specifically authorized on the face of the Order.
5. No change in Vendor's price is allowed subsequent to Order unless accepted in writing by Purchaser's representative.
6. Partial shipments are not allowed unless expressly stated on the face of the Order, or through written direction from Purchaser's representative.
7. Time and manner of shipment and delivery are of the essence of this order. Purchaser reserves the right to refuse any goods and to cancel all or any part of this order if Vendor fails to ship or deliver all or any part of the goods in accordance with the terms of this order. Acceptance of a partial shipment of the order shall not bind Purchaser to accept future shipments, nor deprive it of the right to return goods already accepted.
8. Vendor is required to notify Purchaser's representative of any potential delay as soon as vendor is aware of such delay. Acknowledgement of such delay does not waive Purchaser's rights per Article 7 above.
9. Vendor-based delays that result in late shipments of goods to the Purchaser may be subject to late delivery penalties in accordance with penalties imposed on Purchaser by Purchaser's customer. Discretion for the application of late delivery penalties will remain with the Purchaser.
10. Cash discount period to Purchaser shall run from the receipt of the Invoice. Purchaser, by paying Vendor's invoices before arrival and inspection of goods, avails itself of cash discount only and does not thereby accept quality or quantity as approved.
11. Purchaser may reject any goods of inferior quality or workmanship or which do not otherwise comply with the terms and conditions hereof and may return such goods to Vendor who shall bear all transportation costs both ways.
12. Delivery is not deemed to be complete until goods have been physically received and accepted by Purchaser.
13. Vendor warrants that the goods covered by this order will conform to the specifications, drawings, samples, or other description furnished or specified by the Purchaser, and will be fit and sufficient for the purpose intended, merchantable, of good material and workmanship, and free from defect.
14. Vendor warrants that the sale or use of the goods ordered herein will not infringe or contribute to the infringement of any patent, trademark, or copyright, either in USA, Canada, or in Foreign Countries. Vendor will indemnify and save harmless Purchaser from any and all loss, cost or expenses, including legal fees, on account of any and all claims, suits or judgments, resulting from the use or sale of any

goods sold hereunder in violation of rights under any patent, trademark or copyright, or application of any such patent, trademark or copyright.

15. If goods ordered herein are to be manufactured to design furnished by Purchaser, Vendor will not manufacture such goods from such design for sale to other than Purchaser.
16. Vendor represents that it is and will, for the duration of this order, remain in full compliance with the US International Traffic in Arms Regulations (ITAR). Vendor shall immediately notify Purchaser's representative if Vendor is, or becomes, listed in any Denied Parties List or if Vendor's export privileges are denied, suspended, or revoked in whole or in part by any US Government entity or agency.
17. Vendor represents that any technical information received from Purchaser under performance of this order shall be controlled in conformance with applicable US and/or Canadian export control laws and regulations, including but not limited to the ITAR and the Canadian Controlled Goods Program.
18. Vendor is to advise Purchaser at time of Order acceptance if it intends to supply goods that are produced in whole or part outside of North America. Tecmotiv reserves the right to refuse or return product that is produced in whole or part outside of North America without penalty.
19. Vendor will indemnify and save harmless Purchaser from all loss or the payment of all sums of money by reason of all accidents, injuries, or damages to persons or property caused in whole or in part by the defective condition of any goods sold hereunder.
20. Should the Purchaser waive any default or the performance of any provision hereof, such waiver shall not constitute a waiver of any other default or of the performance of any other provision, nor a continuing waiver of the same default or of the subsequent performance of the same provision.
21. In the event that Purchaser is unable to take delivery of the goods ordered herein, and such inability is occasioned by strikes, war, riot, insurrection, fires, floods, tempest, inability to obtain shipping space, embargoes, government acts, order or regulations, breakdowns or any other causes beyond normal control of Purchaser, either of the foregoing nature or of any other kind, nature or description, Purchaser shall have the right to defer the taking of delivery of the goods or to cancel the Order for the goods.
22. Purchaser retains the right to terminate the Order, in whole or in part, for convenience. Termination will be notified through written notice to Vendor, specifying the extent and effective date of termination. Vendor shall cease expenditure for the Order immediately on the effective date of termination. Vendor shall promptly submit to Purchaser any claim for actual costs that are unrecoverable and have been incurred prior to the effective date of termination, excluding anticipated profit on terminated work. Purchaser will endeavor to amicably resolve termination settlement in a timely fashion, and with consideration for Vendor's expended efforts prior to termination. Under no circumstances shall Purchaser be liable for a settlement amount in excess of the purchase price.
23. If this Order is a Blanket Order which fact shall be indicated on the face of this order, it shall not be binding on Purchaser except to the extent that Purchaser shall commit itself in a written Release Authorization issued to Vendor specifying the shipping date, quantity and destination of the goods described herein. This Blanket Order to remain in effect until the date of expiration, or until cancelled by the Purchaser or by Vendor upon giving Purchaser 60 days' notice in writing. Upon the issuance of any release authorization the terms and conditions thereof, together with the terms and conditions hereof, shall constitute the contract between the Vendor and the Purchaser for the sale of that quantity of the goods which is specified in such release authorization.
24. The terms and conditions of sale as stated in this order govern in event of conflict with any terms of Vendor's proposal and are not subject to any change unless same be acknowledged in writing by Purchaser. 25. This order shall be governed and construed according to the laws of the State/Province and country where Purchaser is incorporated and may not be assigned. If, however, any provision herein in any way contravenes the laws of any State or jurisdiction where any such provision herein is to be performed, such provision shall be of no force or effect insofar as such State or jurisdiction is concerned and in any event any provision herein which may be void or non-enforceable shall not avoid or affect any other provision hereof.
